Go Wide — Step 1: Prayer

January 4, 2012

Overview Our strategy to help students share their faith is called Go Wide. This is a strategy created by Dare 2 Share. The strategy is very simple. Step 1 is Pray: pray for family and friends as well as opportunities to share with them. Step 2 is Pursue: pursue basically means just bringing God up or talking about God with your friends. Step 3 is Persuade: students are challenged to persuade their friends to believe in Christ, go to church and/or plug into a group of Christian friends. This week we will be focusing our attention on Step 1: Pray and challenging the students to begin praying for their friends.

- Questions**
- Do you pray for other teenager's salvation that you know don't have a relationship with Jesus Christ regularly? Why or why not?
 - What do you think the effect would be if you began to pray for one lost friend everyday? Are you willing to give it a try?
 - Who could you be praying for this semester to come to know Jesus Christ?
